## 01 VISIT TO THE WINERY AND WINE TASTING

\_3 wines

At the Cas'Amara Lisboa winery, one of our employees will explain the different winemaking processes and the production of each Cas'Amara wine with the same passion with which we make our wines. In our winebar, you'll taste 3 of our organic wines, selected exclusively for you, which will help you understand why we choose to work in harmony with nature and prioritise sustainability at every step. The visit ends with a visit to the shop to buy our wines and products.
