02 VISIT TO THE WINERY AND PREMIUM WINE TASTING

_5 wines

At the Cas'Amara Lisboa winery, one of our employees will explain the different winemaking processes and the production of each Cas'Amara wine with the same passion with which we make our wines. In our winebar, you will then taste 5 of our wines, some of which are organic, selected exclusively for you, and which will allow you to understand our option of working in harmony with nature and favouring sustainability in every step taken. The visit ends with arrival at the shop to purchase our wines and products.
