03 _ VISIT TO THE WINERY

WINE TASTING AND GASTRONOMY

_3 wines & appetisers

At the Cas'Amaro Lisboa winery, one of our employees will explain the different winemaking processes and the production of each Cas'Amaro wine with the same passion with which we make our wines. In our winebar, you'll then taste 3 of our organic wines paired with 3 regional snacks, selected exclusively for you, which will help you understand why we choose to work in harmony with nature and prioritise sustainability in every step we take. The tour ends with a visit to the shop to buy our wines and products.
