05 WALKING TRAIL AND WINE EXPERIENCE

The wine-growing landscape of Cas'Amaro and the surrounding area invites you to take a walk along the 'Wine Trail', presenting the entire route as a living picture, full of surprises in terms of fauna and flora, in every season of the year. The trail is circular, has a high degree of difficulty, is 16 kilometres long and has an accumulated gradient of around 325 metres. It is expected to last 3 hours and starts and finishes at Cas'Amaro, as it is circular. At Cas'Amaro Lisboa, one of our employees will explain, with the same passion with which we make our wines, the existing vineyards and their relationship with the organic production method, the different winemaking processes and the production of each Cas'Amaro wine. You will then taste 3 of our organic wines accompanied by a tasting of regional products, selected exclusively for you, which will allow you to understand our choice to work in harmony with nature and prioritise sustainability at every step. The visit ends with an invitation to visit the shop to buy our wines and products.
