06 _ CULTURAL HERITAGE AND WINE EXPERIENCE

Cas'Amato is located just a few hundred metres from Aldeia Galega, a small village in the municipality of Alenquer, which was once the seat of the municipality, with a charter dating back to 1305. Here, among the houses and streets of a residential centre with medieval architecture, the two squares facing the two churches stand out: the Church of Nossa Senhora dos Prazeres and the Church of Misericórdia, demarcated by central elements: the Manueline Pillory and the Fountain, all spaces and monuments to visit and which will allow you to learn about the local history. Back at Cas'Amato Lisboa, one of our employees will explain, with the same passion with which we make our wines, the existing vineyards and their relationship with organic production, the different winemaking processes and the production of each Cas'Amato wine. You will then taste 3 of our organic wines accompanied by a tasting of regional products, selected exclusively for you, which will allow you to understand our choice to work in harmony with nature and prioritise sustainability at every step. The visit ends with an invitation to visit the shop to buy our wines and products.
